Vengan a Boston

Marcha de liberación para la dignidad humana

“Los ojos de la nación y del mundo se enfocan en Boston. La manifestación del 14 de diciembre en contra de la violencia racista demostrará que la gran mayoría de los ciudadanos de Boston—negros, morenos, amarillos y blancos—hacen frente para con la justicia y los derechos humanos y se oponen a la violencia canalla dirigida a niños escolares.

“TAMBIEN LE PEDIMOS A TODO AMANTE DE LA JUSTICIA EN LOS CINCUENTA ESTADOS QUE VENGAN A BOSTON Y SE UNAN CON NUESTRA MARCHA DE LIBERACIÓN.

“Tenemos que enlazar nuestros brazos—blanco y negro—y marchar juntos para con el derecho de todo niño escolar de ir a cualquier escuela en seguridad completa. Que nuestra voces y nuestra presencia diga: ¡No! al racismo institucionalizado, ¡No! a la violencia canalla, ¡No! al racismo en la educación. El mundo entero oirá nuestro mensaje.”

Come to Boston

Freedom march for Human dignity

"The eyes of the nation and the world are now focused on Boston. The December 14 demonstration against racist violence will show that the vast majority of Bostonians, black, brown, yellow, and white, stand on the side of human rights and justice and oppose mob violence against all school children.

"WE ALSO CALL ON JUSTICE LOVING PEOPLE FROM ALL FIFTY STATES TO COME TO BOSTON AND JOIN OUR FREEDOM MARCH.

"We must link our arms, black and white, and march together for the right of all school children to go to any school in safety. Let our voices and our presence say: 'NO TO INSTITUTIONALIZED RACISM, NO TO RACIST MOB VIOLENCE, NO TO RACISM IN EDUCATION.' Our message will be heard around the world."

Boston, November 14, 1974

Dear friend(s),

We are sure you share our outrage at the recent outbursts of racist violence in Boston. Certainly the ugly sight of mob attacks on black school children is sickening to the vast majority of Bostonians as well as to all people everywhere who are for elementary democratic rights.

But the forces of prejudice and reaction all over the country are emboldened by this spectacle. They are mobilizing in every corner of the U.S. using these events as their rallying cry. Their code word is anti-busing. But in reality their organizing tool is racist hysteria.

The bigots have gained strength and confidence from the fact that there has been no sufficiently massive outcry against these attacks. Many who are opposed to them and would speak out for basic human rights have been intimidated into silence.

So far it is those anti-democratic forces who have had the momentum and the spotlight. They may remain quiet for a while but their threat and their organization remain intact. We cannot allow them to continue to appear to speak for the majority. **THEY DO NOT!** But that impression will continue until all of us, who are supporters of the struggle against racism, publicly take a stand.

We believe that the urgency of the situation requires the broadest possible demonstration bringing together from all over the country the maximum number of people who are against the mob attacks on black school children and who are for the right of these children to go to any school in safety.

The Emergency Committee for a National Mobilization Against Racism in its few short weeks of existence has reached hundreds of individuals and organizations who have agreed to join together in sponsoring such a nationally called peaceful mass action. (Some of their names appear on the partial list of sponsors that follows.)

Such a mobilization is a monumental task and we urge you to lend your name(s) and your efforts to help make it successful. Please come to Boston on December 14 and be part of an historic Freedom March for Human Dignity. Help organize others to come from your area. And donate whatever you can to help defray the enormous organizing costs.

We are confident that if everyone pulls together we can turn the situation around and make Boston a symbol of *anti-racism*.
